Chai dukaan ki kahani

Raju apna gas stove khud nahi banata, na steel ke chammach khud ghadta hai. Acche auzaar khareed kar use karta hai. Python bhi aisa hi hai: saikdon taiyaar modules ke saath aata hai (standard library), aur pip hazaaron aur laata hai. Coder ki kala hai sahi auzaar chun-na.

> **Yaad rakho:** Python ke saath toolbox aata hai. Har auzaar khud mat banao.
